

Life Masters

Two of our friends from Lake Charles had a great time at the Regional

Dave and Joanne Frantz achieved their Life Masters at the Beaumont Gold Gusher Regional Bridge Tournament on Tuesday Oct. 13, 2009.

They have been playing Tournament Bridge for about 5 years, mostly as partners and have nearly 500 masterpoints each. They are a great couple, a talented pair and now both Life Masters. They exemplify the value of bridge as the worlds greatest game - and use it to support their life together. Way to go - Dave and Joanne.

In response to the question: What was the key to you winning the final points needed for the award? Joanne answered, " Getting Dave to listen to me." Dave thought for a long time and said, "We share the partnership responsibility 50-50. Joanne makes all the good plays, and I do the other kind."

Just kidding - of course.
